YOUR PARTNER FOR OVER 40 YEARS

Why Buy Jamex?

OUR PEOPLE AND EXPERIENCE

For more than 30 years, Jamex has been designing, solutions that connect with printers and copiers. Our people collectively have hundreds of years of experience, we will work with you on the phone to help configure the best vending solution for your printer and copier opportunities. Our website offers an extensive equipment selector guide that shows printer and copier models by manufacturer, along with the appropriate Jamex solutions. Whether it is cables, connectors, or software integrations, the people at Jamex have the experience to help you get it right for each facility

PRODUCTS IN STOCK

We offer flexible system configurations - cash (bill & coin or coin-only), Copy Card (stored-value card), credit card, account-based network devices, as well as customizable mounting options and accessories.

Jamex has an extensive on-hand inventory of products, including over 2,600 copier interface solutions. The vast majority of orders ship within 48 hours.

SUPERIOR TECH SUPPORT

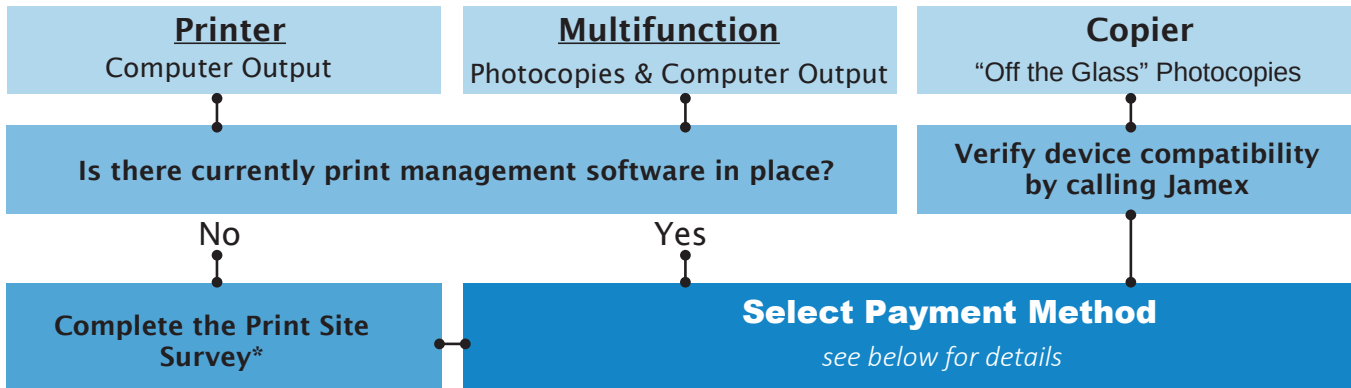

One Year Warranty - We guarantee our products to be free from defects in workmanship and materials for one year from the date of purchase. During this period, Jamex, at its discretion, will replace or repair those parts needed to restore the machine to specification.

Our expert technical staff will work with your technicians by telephone to answer any questions or solve any problems you have with Jamex products for the life of the product. Secure, remote access tools also allow us to troubleshoot issues or help with software installations for many Jamex models.

Choosing the Right Jamex Solution

What device do you want to control?

* To complete the Print Site Survey please call Jamex at 800-289-6550 or visit www.jamexvending.com/surveys/print-management-site-survey

9550 series vend solutions are network enabled and support remote reporting and in-place reconfiguration

COPY CARD ADMINISTRATION SOFTWARE (CCAS)

- Interfaces with the Model 7114 stored-value card reader
- Adds, deducts, or sets value on cards using a point-and-click interface
- Batch mode simplifies creating multiple cards
- Accepts Jamex stored-value cards to pay for other services
- Tracks transactions by multiple staff, amount, type, or date
- Exports data easily into any spreadsheet or database

The screenshot shows the 'Copy Card Admin Software' interface. At the top, there are navigation icons and a user profile box for 'User: Jamex' with 'Revalues: 0' and 'Value: \$1.00'. The main area features a digital display showing '\$4.00' and an 'Add' dropdown menu. Below the display is a numeric keypad (1-9, 0, Clear) and buttons for 'Revalue' and 'Eject'. To the right is a 'Quick Transactions' panel with buttons for adding values from \$1.00 to \$20.00. At the bottom, there is a 'JAMEX' logo and an image of a 'Copy Card'.

Choose high-quality print management solutions with outstanding support from Jamex

LPT: One Print Cost Management and Cost Recovery PC Reservation Computer Management

- Guides users through the full print process, including payment, with little or no staff involvement
